

# —Save with a Season Subscription—

Select the option that best fits your needs.

**Same Seats**—Check this category if you were a Season Subscriber during the 2007-08 Season and you would like to keep the same seats on the same nights for all four performances. (If your application is received after July 1, 2008 we will do our best to renew your seats but cannot promise that we can.)

*Example: Seats E4&E5—Second Saturday each play*

**Change Seats**—Check this category if you were a Season Subscriber during the 2007-08 and you kept the same seats on the same nights for all four performances. If you wish to have different seats this season indicate your preferred seat location on the Seating Chart Below. Please indicate a first and second choice. (We will do our best to give you the seats you request but cannot promise that we can.)

*Example: Seats G3&G4—First Sunday each play*

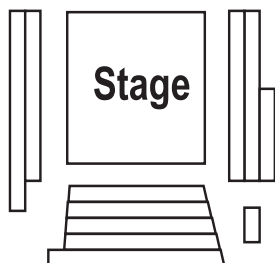

**Admission (Punch) Cards**—A flexible option for those patrons who know they would like to attend all productions but are unable to plan the exact dates at this time. The Admission (Punch) Card gives you the same savings but requires you to call and make your reservations at the box office for each production. (In order to be guaranteed a seat, we strongly recommend that Admission Card holders make their reservations as soon as the Box Office opens for each production.)

**New Subscribers**—Check this category if you have never been a season subscriber but wish to take advantage of the savings. Indicate your first and second seating preferences on the Seating Chart and we will do our best to accommodate your choices.
